### INTERESTING MATERIALS FOR ENTREPRENEURS

1. In the frame of DanubeChance2.0 we have elaborated a methodology of “Meet the Survivors” mentoring workshops focused on interactive B2B exchange and knowledge sharing. Our report presents a methodology and framework for the organization of such events in a clear way.

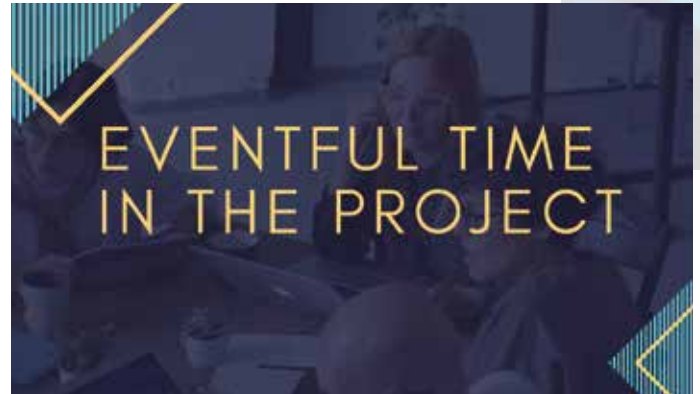

2. **Transnational Policy Learning Instrument** - Supporting policymakers across the Danube region in reaching the common understanding of framework conditions needed for supporting entrepreneurs in crisis and helping failed entrepreneurs to restart.

3. **Rescue and Revitalisation Transnational Tool** - For entrepreneurs who are in a situation of crisis or restarting after bankruptcy we provide an overview of rescue and revitalization options available in their country.

## WHAT DID WE DO AT THE BEGINNING OF 2020

- The partnership organized some trainings to the entrepreneurs
- The partners held some local meetings to meet with our experts and stakeholders
- We organized the first Policy Learning Dialogue Workshop
- The partnership participated in the 4th Partner Meeting

## „TRIAL AND ERROR” RE-DESIGN TRANSNATIONAL ACADEMY

The partnership of the project during this period started to implement the training related to the Academy in 11 partner countries. Until now we reached:

- 128 second-chance entrepreneurs
- 8 policymakers
- 8 financial institutions

Even the current situation is not able to stop us, we constantly organizing training in online platforms, to be able to help as many entrepreneurs as we can!

## UPCOMING OBJECTIVES AND OUTCOMES

### Objectives:

1. Development of an evidence-based strategy to improve the framework for re-starting businesses
2. Development and implementation of Regional Action Plans
3. Settle a Second-chance entrepreneurship Community

## Outcomes:

1. White Paper for policymakers based on evidence-oriented recommendations
2. Development of training modules in the framework of a 'Trial and Error' Re-Design Transnational Academy
3. Second-Chance Entrepreneurship Lab's Pilot as an incubation programme
